

Net Zero 50 Carbon Reduction Plan

Carbon Reduction Plan

Supplier name: Tech Unicorn DMCC

Publication date: TBD

Commitment to achieving Net Zero

Tech Unicorn DMCC is committed to achieving Net Zero emissions by 2050 or earlier consistent with UAE *Net Zero by 2050* strategic initiative.

Baseline Emissions Footprint

To be provided at Contract commencement

Carbon Reduction Projects

Completed Carbon Reduction Initiatives

CRP01 – Replacement of all light fittings with LED low energy bulbs.

CRP02 – Motion Sensors and smart meeting room controls have been implemented within TU offices.

CRP04 – Personnel Policy states that “... Tech Unicorn prefers employees utilize public transportation or car sharing when possible.”

CRP05 – Hybrid / remote working model implemented.

CRP06 – Meeting Policy states that “...travel shall be minimized and Teams meetings shall be used wherever feasible.”

CRP07 – Installed recycling and composting waste bins.

CRP08 – Cloud first. Utilize cloud services wherever possible.

2. Future Carbon Reduction Initiatives

CRP03 – Ensure all offices are powered by renewable energy sources.

CRP09 – Ensure all offices are equipped with electric vehicle charge stations.
